

Thank you for *advancing the world of health*

In support of the BD purpose of *advancing the world of health* and our global initiative to increase access to healthcare providers and technology in developing countries, a donation has been made on your behalf to Mercy Ships®. Nearly 50% of people in Africa have no access to a hospital or doctor. One child in eight will die before age five; maternal mortality rates are the highest in the world. Endorsed by humanitarian luminaries including Nobel Peace Prize® Laureate Bishop Desmond Tutu, Mercy Ships provides healthcare services to help overcome these heartrending statistics. Since 1978, Mercy Ships has performed 82,000 lifesaving surgeries and visited over 589 ports to deliver medical care. Its *African Mercy*® is the largest civilian hospital ship in the world. This gift will help Mercy Ships continue to transform lives by giving medical care to children, teens and adults who would otherwise suffer and die from curable or treatable causes.

Every one of us at BD plays an important role in bringing our brand to life. When we truly *live the brand*, we can realize the full measure of impact we can have individually, as teams and as a company. Thank you for helping live the brand and for *advancing the world of health* through your daily work.
