

## Thank you for *advancing the world of health*

In support of the BD purpose of *advancing the world of health*, and our global disease eradication efforts, a donation has been made on your behalf to purchase a UNICEF Super Hero Pack. This powerful gift provides 100 vaccines to prevent three life-threatening diseases: measles, tetanus and polio, which together kill over a half-million people per year, most of them young children. In addition, to ensure every precious drop of vaccine safely reaches a child in need, it includes a vaccine carrier, as well as 10 mosquito nets to keep disease-carrying insects away from children and adults.

Every one of us at BD plays an important role in bringing our brand to life. When we truly *live the brand*, we can realize the full measure of impact we can have individually, as teams and as a company. Thank you for helping live the brand and for *advancing the world of health* through your daily work.
